Office of the Deputy Commissioner
Bangalore District.
Dated(Camp)Mysore,19th October'13

No.----

From

K.Chamaiy Esq.,B.A.,
Deputy Commissioner,
Bangalore District.

To

K.P.Srinivasa Iyengar Esq.,M.A.,
Secretary to the Government of H.H.
the Maharaja of Mysore, Genl. and Rev.Depths.
(Camp)Mysore.

Sir,

I have the honor to state that the subject of improving the water-supply of Doddaballapur town was raised as far back as1903(Vide subject No.532of the Legislative Representative --- Assembly of 1905)and the Government in their order No.626-G -Genl.393-05-12 dated 7th July 1913 stated that the scheme that was then under consideration viz.the supply of water from the Nagarakere tank could not be taken up as it involved heavy initial outlay(Rs.46,486/-) and annual maintenance charge(Rs.3,511/-),which the Municipality was not able to find. It may be mentioned in this connection that the --- Chief Engineer suggested that if at least half of thisamount could be financed by the Municipality and the residents,the Government might then be approached to give a grant-in-aid for the other half, the maintenance charges being always borne by the Municipality.

2. The residents of the town also petitioned the Government that the alternative project of supplying water from the Kempatavanahore which was also investigated might be considered, as it was less costly, both in the capital cost and the annual charge required. Accordingly the Public --- Works Department was asked to send the file of papers con-

connected with the latter project have been estimated and are herein enclosed for perusal. This scheme is estimated to cost Rs.34,000/- with an annual maintenance charge of Rs.1,000/-. As this can not be met beyond the means of the Municipality to pay, it was pointed to the Municipal Council that there was no chance of success of this scheme also, unless the citizens came forward to meet a moiety of the cost.

3. The Municipal Council put the question before the town-people at meetings held on the 1st and 5th instant, as a result of which the marginally noted liberal subscriptions were promised and announced. (Vide copies of the resolutions enclosed.)

1.	Mr.Venkatanarayana Chetty	Rs.5,000
2.	" Chennaraidurgam	5,000
3.	" Adigaraya Chetty	1,000
4.	" Sheriff Fakruddin	1,000
5.	" Shikira Hanumanthaiah	1,000
6.	" Gurudasa Lingappa	1,000
7.	" Subbaraiyya	1,000
8.	" Srirangaiah	1,000
9.	" Hanumaiahgiya	1,000
10.	" Ambee Hanjundappa	1,000
		Rs.18,000/-

4. As the offer of the town-people come up up to a handsome sum of Rs.18,000/-, I submit that their prayer for a grant-in-aid from Government of Rs.17,000/- for putting the scheme on hand may be sanctioned and in view of this exhibition of combined public spirit which is probably the first of its kind, it is requested that sanction of the scheme may kindly be announced before the close of the present session of the Representative Assembly.

5. As regards the annual maintenance charges which are estimated at Rs.1,000/-, it is suggested that the same be met from the levy of toll-gate tax and the increased octroi proposed from the revision of the tax, and also if necessary from the levy of water cess. I am of opinion that it is possible to improve the receipts of the Municipality by revising the octroi tax on horses and carts or by levying a water cess, so as to yield an annual increase of Rs.1,000/-, whereby the recurring charges of maintenance of the water supply scheme may be met. The octroi rates to [illegible] the duty on grain drops for the year 1941-42 was Rs.1613 and 3541- respectively. If the rate be increased by

by 50 per cent in these cases the annual revenue will be enhanced by about Rs.1,000/-. The Council desire that out of the sum of Rs.15,000/- subscribed by the citizens a sum of Rs.1,000/-(after defraying half of the cost) may be set apart for giving free house-connections to those who have so generously subscribed to the works. They will of course pay the water cess or enhanced maintenance.

6. I therefore commend the above proposals for the sanction of Government.

7. Further, I beg to submit that the names of the gentlemen and the amounts paid by them towards this scheme may be inscribed on a stone tablet and installed at a prominent place in the town, as this will be a suitable recognition of the public good done by them and would serve as an incentive for others.

8. As it is the desire of the donors, that the water-works should be called after the late Mr.Delvoy Devaraj Urs, I request that Government may be pleased to grant this their prayer also.

I have the honor to be

Sir,

Your most obedient servant.

Deputy Commissioner,
Bangalore District.
